Consent Action requested—

We would like the board to be aware we are listing several potential make-up days in case of weather issues on the 2014-2015 calendar. These dates will be listed after the current final day for students on the 14-15 calendar. We just want our parents/faculty/community to know that there are a certain number of days that could potentially be used for make-up which are not currently shaded on the school website calendar.

Attached is the school calendar.

The amount of days required to be listed as make-up in addition to those already listed during the year (orange on the calendar) per KDE for our district based on weather last year are May 21, 22 and May 26-29. These dates will be used if other make-up days during in the year are used along with the banked time days. We are hopeful that we will not have as many issues this winter but just in case we want anyone that accesses the district calendar to know to plan around potential make-up days.

*May 20th through May 22nd and –May 26th through May 29th are considered make-up dates if needed. May 25th Memorial day will not be used as make-up

Thanks
