Dear Chairwoman Porter and Board Members,

Robert Frost Middle School is important to our neighborhoods with many of my constituents and their children have attended over the years. I am excited for the direction that is being proposed for the future of Robert Frost. The proposal to repurpose Robert Frost Middle School as a 6th Grade only academy provides the school a unique opportunity to focus on students during a critical transition period in their lives and allows the students the opportunity to adequately prepare for the next level of education in high school.

The school is requesting permission to change the school name from Robert Frost Middle School to Robert Frost Sixth Grade Academy, to enhance and promote the 6th grade focus.

The traditions of this school and its alumni are important to our community, and it is keeping that in mind, that I am writing to fully support their request as a first step in building a new, better tradition.

Thank you for your consideration.

Sincerely,

Cindi Fowler
