# Budget and Facilities Needs

- ▶ Affordability
  - ▶ Priorities
  - ▶ Timeliness
- 

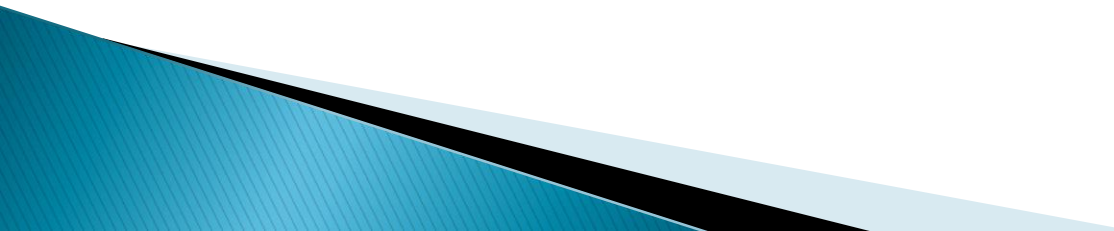

# Possible Options

- ▶ The Catalpa School – The concept is approved, with an expected opening date of August 2015 at an existing JCPS elementary school. JCPS staff will conduct an analysis of options to determine the most appropriate site. If an existing site is selected, the Waldorf School concept may be phased in over a number of years depending on enrollment projections and capacity.

# Possible Options

- ▶ The Louisville Reach Academy – The concept is approved, with an expected opening date of August 2015, at an existing JCPS elementary school. JCPS staff shall work to identify the school whose facilities, school leadership, and staff make it the most appropriate site for implementation of this school concept.

# Possible Options

- ▶ Metro Museum Magnet School – JCPS staff shall work with Louisville Metro Government and the participating cultural partner organizations to develop a financing plan for the acquisition, rehabilitation, and maintenance of possible buildings in the vicinity of Museum Row. Contingent upon a plan being developed to make the cost of the facilities project feasible within the context of existing JCPS budget considerations, as determined by the Superintendent, the Metro Museum Magnet School concept is approved, with an expected opening in August 2016.
- 

# Possible Options

- ▶ The Next Generation Community School – The Phoenix School of Discovery and Liberty High School are authorized to analyze the components of the Next Generation Community School concept and incorporate those that are determined to address the needs of the students they serve.

# Next Steps

- ▶ Board votes to approve JCPS School of Innovation Design
  - ▶ Staff determine locations for approved concepts, identifies future budget/staffing needs
  - ▶ The Superintendent provides regular updates to the board regarding the status of each of the school concepts during the 14–15 planning year.
-
