

Safety

BOARD TO ADOPT PLAN

The Board shall adopt a plan for immediate and long-term strategies to address school safety and discipline, which shall be reviewed annually and revised, as needed. This plan shall utilize information gathered from the District assessment of school safety and student discipline required by law and shall include the Board's code of acceptable behavior and discipline and a description of instructional placement options for threatening or violent students. The committee that develops the plan for Board consideration shall include at least one (1) representative from each school in the District, as well as representatives from the community as required by law.

The plan shall identify measures to be taken in protecting students, staff, visitors, and property. Areas addressed by the plan shall include, but not be limited to, the following:

1. Employment practices and employee management;
2. School facility design, maintenance, and usage;
3. Safety and security procedures, orientation and training in use and management of equipment and facilities;
4. Supervision of students;
5. Compliance with state and federal safety requirements;
6. Quarterly reports to the Board concerning implementation of the plan and its effects on District students, personnel, and operations.
7. Emergency/crisis intervention;
8. Community involvement.

SCHOOL EMERGENCY PLANNING

The school council or, if none exists, the Principal shall adopt an emergency plan for the school that shall include procedures to be followed in cases of fire, severe weather, earthquake or a building lockdown as defined in KRS 158.164. A copy of the emergency plan, including a diagram of the facilities shall be given to first responders, including local fire, police, and emergency medical personnel.

Following the end of each school year, the school council, or if none exists, the Principal, and first responders shall review the emergency plan and revise it as needed.

The school emergency plan shall address staff responsibilities for safely evacuating students needing special assistance during safety drills and actual emergency situations, including students with disabilities and those with 504 plans. The Principal shall discuss the emergency plan with all school staff prior to the first instructional day annually and shall document the date and time.

Whenever possible, first responders shall be invited to observe emergency response drills.

In addition, the school council or, if none exists, the Principal shall:

1. Establish and post primary and secondary evacuation routes in each room by any doorway used for evacuation;
2. Identify severe weather safe zones and post the location of the safe zones in each room. These safe zones are to be reviewed by the local fire marshal or fire chief;

Safety**SCHOOL EMERGENCY PLANNING (CONTINUED)**

3. Develop school procedures to follow during an earthquake; and
4. Develop and adhere to practices to control access to the school.

No later than November 1 of each school year, the Superintendent shall send verification to the Kentucky Department of Education that all schools are in compliance with school emergency planning requirements.

PRECAUTIONS

Precautions will be taken for the safety of the students, employees, and visitors.

DEFIBRILLATORS

The District maintains automatic external defibrillators (AED) in designated locations throughout the District. An AED shall be used in emergency situations warranting its use in accordance with guidelines established by the Superintendent/designee. Expected users documented as having completed required training shall be authorized to use a defibrillator.

The District shall notify the local emergency medical services system and the local emergency communications or vehicle dispatch center of the existence, location, and type of each AED.

Defibrillators shall be maintained and tested in accordance with operational guidelines of the manufacturer and monitored as directed by the Superintendent/designee. Defibrillators shall be kept on school property and will not accompany EMS personnel to a hospital emergency room.

REPORTING HAZARDS

Each employee observing a potential safety or security hazard shall report such hazard in writing to his/her immediate supervisor who shall cause the situation to be remedied or reported to the proper authority for remedy.

COMMUNICATION SYSTEM

The Board shall establish a process for a two-way communication system for employees to notify the Principal, supervisor or other administrator of an existing emergency. The process may include, but is not limited to, use of intercoms, telephones, and two-way radios.
