Summary of all responses	
Respond (/assist/s/diagnostic/answers/next? surveyId=8860582&questionId=11052)	The district will complete the Technology Tools Readiness Survey. The information collected will be used by local school districts, local boards of education, legislators, and the Kentucky Board of Education to determine the needs for implementing the KETS Master Plan initiatives, technology funding, on-line applications, and on-line testing. The District Technology Leader (CIO/DTC) should work with the KETS Customer Relationship Manager (CRM - formerly KETS Engineer) to complete this form. Upon completion, the final report must be submitted to the KETS CRM. The District Technology Leader should make a copy of the Technology Tools Readiness Survey to be placed with the Comprehensive Improvement Plan documentation filed at the district. The report due December 1 will reflect the most current information at the time the survey response is submitted.
