Re: Spencer County Public Schools District Wide Facility Survey

Dear Mr. Adams:

Thank you for the opportunity to continue our relationship with Spencer County Public Schools on your District Wide Facility Survey. Sherman Carter Barnhart proposes to make an on-site visit to each building involved in the facility planning process. We will review the physical condition of each facility, complete the KDE School Building Evaluation Form and an Opinion of Probable Cost for the required new work and renovations. We will include Spencer County High School in our review, but have discounted the fee due to the recent additions and renovations.

We include in this proposal the required services of mechanical, electrical and plumbing engineers. Should the services of a structural engineer be required, we will include their fee as a reimbursable at their direct-billed rate. We will provide our services at the KDE recommended fee of \$.05 per square foot, as outlined below.

<u>Facility</u>	<u>Square feet</u>	<u>Fee</u>
Central office	3,952	\$ 197.60
Spencer County Pre-School	6,449	\$ 322.45
Hillview Academy	8,349	\$ 417.45
Taylorsville Elementary School	63,972	\$ 3,198.60
Spencer County Elementary School	78,956	\$ 3,947.80
Spencer County Middle School	104,926	\$ 5,246.30
Spencer County High School*	132,405	\$6,620.25 \$ 3,000.00

266,604 sq.ft. (total square footage less SCHS) x \$.05 = \$13,330.20
\$3,000.00
\$16,330.20

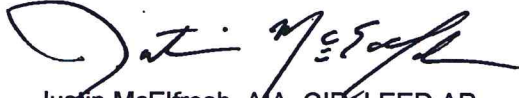

* Flat [reduced] fee of \$3,000.00 to be charged for Spencer County High School due to recent additions and renovations.

Mr. Chuck Adams
