RE: Assistant BETA Club Sponsor

gh

At this time, I am recommending the addition of an assistant BETA club sponsor. At the November SBDM meeting the council approved the creation of an assistant BETA club sponsor with a stipend of \$200 to be paid with Section 6 funds. This position was created due to the addition of 6th grade students to BETA. With the 6th grade students participating, the number of students has the potential to increase to over 90 students, which is too many for one individual.

One Goal, One Focus, Our Future -- Students
