(Feb. 15 and April 8 are make-up days for school cancellations. If make-up is not needed these days will be used as days off.)

Make up rules

Use of Make-up and Bank time days—

*First, we will use the 2 make up days scheduled before the last day of school.
(Feb. 15, April 8)

*Second, the 5 banked time days will be used. Reminder-Banked time is used for students not staff. A make-up staff work day/time will be scheduled as needed during the school year to fulfill the 186 day contract.

*Finally, after 7 missed days of school, we would extend school calendar for students starting the day after final student day on calendar, which would be May 20.(That is if the all the days listed as make up could be used before we passed them in the calendar.)
