**To:** Sweeney, Chad  
**Subject:** Paying it forward!!

Greetings Chad,

I hope we can recruit you to join in this first ever PFA event and help to get the other schools in your area to join in! Please let us know if you can and your thoughts on this.

Here is what's going on:

2015 marks Project Fit America's 25 Year Anniversary! To honor this milestone we have partnered with the Lids Foundation for an event called National Hat Day on January 15, 2015.

This is a collaborative fundraising event to benefit YOUR school and help pay it forward to the next generation of PFA schools!

**How it works:**

Students pay \$1 and get to wear a fun hat to school. Half the proceeds stay with your school. The other half goes to the Lids Foundation for Project Fit America. Lids has 950 stores across the country and their employees are signing up schools in their communities to participate in National Hat Day to benefit PFA as well. Together we are going to rock a new generation of fit kids. We hope you will toss your hat in the ring and register your school to join in this national pay it forward event! Link for registration: <http://www.lidsfoundation.org/national-hat-day>

Thank you so much and have a great day!
