### **2. Bid 12-15 – Asphalt Striping and Sealing**

#### **BACKGROUND AND RATIONALE:**

Due to traffic wear and sunlight exposure, parking lots need to be re-striped every five years. Sealing parking lots helps eliminate moisture forming under asphalt. During freezing temperatures the moisture freezes, causing crumbling. Sealing also extends the life of the asphalt, thereby saving costs for repair.

Vendor: The following bidders received specifications and have bid on the indicated contract:
