Help Inform the JCPS Strategic Plan: Vision 2020

The Jefferson County Board of Education is hosting a series of meetings to hear from community stakeholders to help identify the most critical issues, the "Big Rocks," that must be addressed for the district to make significant improvement over the next five years.

This community input will inform the development of *Vision 2020*, the district's five-year strategic plan, and will be the basis for targeting resources and research-based strategies for maximum impact.

For Jefferson County Public Schools (JCPS) to become the best urban school district in the nation?

For every JCPS student to graduate prepared to reach his or her full potential?

For all of Louisville's children to become the people we want them to be?

We hope you can join the conversation at one of the following events:
