# DRAFT MISSION STATEMENT

*To engage all students in meaningful learning through equal access to effective instruction and personal supports.*

1. All of our children are cared for and treated as if they are our own.
2. All students are provided equal access to educational opportunities.
3. Children learn differently requiring personalized responses to learning differences.
4. What happens in the classroom and other learning environments matters the most.
5. The differences of each are assets of the whole, and our diversity is a strength.
6. High-quality teaching is the most powerful tool for helping students reach high standards.
7. Leadership and innovation are essential to prepare students for their future.
8. Talents and resources are used wisely to benefit students.
9. Relationships between ~~Partnerships among~~ schools and families, and community are important for the success, health, and well-being of our students.
10. Adults model integrity, respect, creativity, and accountability.
11. We exist to serve students and families, and all are welcome.
