Welcome to Kentucky's School Report Card.

Each year, School and District Report Cards are posted on the Kentucky Department of Education's (KDE's) website. Not to be confused with student report cards, these Report Cards provide information about each school and district, including test performance, teacher qualifications, student safety, awards, parent involvement and much more. The School and District Report Cards were established by statute, [KRS 158.6453](#), and regulation, [703 KAR 5:140](#). Additionally, the Report Cards must incorporate the requirements of the federal [No Child Left Behind \(NCLB\)](#) Act.

Please explore the links below to view or download the current school and district report cards or to understand more about Kentucky's School Report Card Project. While the KDE website is the most convenient and inexpensive way for the vast majority of Kentucky parents to receive this information, schools and districts are required upon request to print cards for parents lacking Internet access.

A Continuous Improvement Model

Uses a percentile rank process to set the standard or the cut score for school and district classifications of Needs Improvement, Proficient or Distinguished.

- Order the overall scores to locate the overall scores at the 70th, 90th and 95th percentiles.
- Lock the percentile/overall score relationships by school levels and district.
- Use the locked overall score at the 70th percentile as the standard for Proficient.
- Report both the overall score and locked percentile to provide more information.
- The original plan called for a 5-year lock after all components enter the model.

Provides a concrete goal with the locked overall score that is not dependent on how other schools or districts perform.

Percentiles in Unbridled Learning Reporting

- Rank current year overall scores to locate the 70th and 90th percentile cut score for needs improvement, proficient and distinguished classifications.
- Lock overall score in Year 1 for use in Year 2.

Year 1
2011-12

Year 2
2012-13

- Sept. 2013—Use the locked overall score set in Year 1 to report Learners data and to classify schools and districts.
- Oct. 2013—Release Program Review (PR) classifications for Arts/Humanities, Practical Living/Career Studies and Writing.
- Nov. 2013—Re-norm based on combined (Learners and PR), lock overall score and percentile, and set baselines and Annual Measurable Objective (AMO) goals for fall 2014 reporting.

- Oct. 2014—Use locked combined overall score from Year 2 (Nov. 2013) to report and classify schools and districts.
- Nov. 2014—Release PR for K-3.
- Jan. 2015—Re-norm after removing science and adding K-3, lock overall score and percentile, and set baselines and AMO goals for fall 2015.
- Mar. 2015—Regenerate work using the November 2013 lock.

Year 3
2013-14

Year 4
2014-15

- Oct. 2015—Use locked overall score from Year 2 (Nov. 2013) to classify schools and districts.
- Fall 2015/Early 2016—Incorporate changes to system and generate baselines and goals for fall 2016.

Locked Overall Scores for 2015 Reporting

Percentiles for Combined Overall Score (Learners and Program Reviews) were set, using the 2013 locked overall score, for school levels and district in March 2015 to provide a target for 2015.

Unbridled Learning: College and/or Career-Ready for All				
2015 Locked Overall Accountability Cut Scores				
Type	Level	Proficient	Distinguished ¹	School of Distinction ²
School	Elementary (ES) Overall Score	67.2	72.8	76

School	High (HS) Overall Score	70.2	75.4	77.7
District	District (AL) Overall Score	66.2	70.5	71.9

¹A Distinguished School/District can also be considered High Performing, but must also meet its current year AMO, student participation rate and the graduation rate must be above 60. In addition, the school/district cannot be labeled as Priority or Focus.

²A School/District of Distinction must also meet its current year AMO, student participation rate and the graduation rate must be above 60. In addition, the school/district cannot be labeled as Priority or Focus.

Note in School Report Card:

Percentile in Kentucky compares performance to the locked percentile generated in 2013. The locked percentile creates an overall score target for schools by level and districts to reach Proficient and Distinguished.

To view how the overall scores of schools or districts compare for the current and prior year and their associated rank by level, please visit the Open House section of the KDE website and choose the Accountability tab at: <http://openhouse.education.ky.gov/Data>.

Next-Generation Learners

- › **Achievement** – Schools earn points based on student performance (Apprentice, Proficient, Distinguished) on contest tests. No points are awarded for Novice.
- › **Gap** – Percentage of students in non-duplicated aggregate (African American, Hispanic, American Indian, Limited English proficiency, students in poverty and students with disabilities) scoring Proficient or higher.
- › **Growth** – Points awarded for students showing typical or high growth as compared to their academic peers.

› College/career readiness

- *Middle school* – Average percentage of students meeting benchmarks on the ACT Explore administered in grade 8
- *High school* – Points earned based on the percentage of students successfully meeting one or more readiness indicators

- › Four (4)-year adjusted cohort rate is used to determine whether graduation rate goals are met.

Next-Generation Learners (NxGL)

Next-Generation Learners is one of three components of Kentucky's accountability system. The component includes multiple measures of student performance on tests and student accomplishments of graduation and readiness for college or career. Reporting is organized into five categories: Achievement, Gap, Growth, College/Career Readiness and Graduation Rate.

Next-Generation Learners	Achievement		Gap		Growth		College and Career Readiness		Graduation Rate		Total
	Points	Weighted Score	Points	Weighted Score	Points	Weighted Score	Points	Weighted Score	Points	Weighted Score	Weighted Score Summary

2012	43,121	18,766	3,429	20,366	47.2%	51.9

2015	43,942	25,683	9,107	29,332	66.8%	78.9

¹ Number of Graduates and Percentage of Graduates include those who earn a high school diploma or alternate high school diploma

² The College-Ready indicator includes graduates who met the Kentucky CPE Systemwide Benchmarks for Reading (20), English (18) and Mathematics (19) on any administration of the ACT. The College Placement Tests indicator includes students who passed a college placement test ACT Compass or Kentucky Online Testing (KYOTE).

³ The Career-Ready indicator includes graduates who met benchmarks for Career-Ready Academic on Armed Services Vocational Aptitude Battery (ASVAB) or ACT WorkKeys, and Career-Ready Technical on Kentucky Occupational Skills Standards Assessment (KOSSA), or received an Industry-Recognized Career Certificate.

⁴ This is not a sum of the college-ready and career-ready columns. This total includes only individual graduates (non-duplicated) who received a high school diploma or alternate high school diploma. Graduates with a diploma could have met both college-ready and career-ready benchmarks. Graduates with an alternate high school diploma must have met the readiness standards on the Alternate K-PREP assessment Transition Attainment Record (TAR).

⁵ The Accountability Points with Bonus column is calculated using the percentage of graduates (high school diploma or alternate high school diploma) College- and/or Career-Ready AND a half-point bonus for graduates meeting College-Ready (ACT, ACT Compass or KYOTE) AND Career-Ready Technical (KOSSA or Industry Certificates).

Accountability Overview

Other considerations

- › **Annual Measurable Objective (AMO)** – The annual improvement goal a school or district must meet.
- › **Participation Rate** – The number of students tested as compared to those enrolled. In Kentucky, schools must test all students, but they are only accountable for those students enrolled 100 days or more. Participation rate is NOT reflective of students who may have opted out of testing.
- › **Graduation Rate** – 4-year adjusted cohort rate used to determine whether a school met its graduation rate goals.

Accountability Profile

The Accountability Profile summarizes the status of a school or district in the state accountability system, Unbridled Learning: College- and Career-Ready for All. The Overall Score is used to compare and rank school and district performance and to calculate an AMO improvement goal. An accountability classification based on the percentile rank, rewards or assistance category, participation rate and graduation rate are also displayed. Accountability is based on students enrolled a full academic year (100 days).
