

North Middle School Entry Sign

Construction Update

October 7, 2015

Summary

A Pre-Construction Meeting was held with Design Build Construction on Tuesday, September 15th to review the site conditions, sign design, and answer and contractor questions. The location of the sign was identified and the location of existing utilities was located by the contractor.

Design Build Construction mobilized and began construction on the North Middle School Entry Sign the week of September 21st. Footings and foundations for the sign are presently complete.

The North Middle School Entry Sign was revised per comments received from Hardin County Schools. The contractor is presently pursuing credit pricing for the requested revisions.
