The Services shall be performed by Contractor, and in no event shall Contractor subcontract with any other person to aid in the completion of the Services without the prior written approval of the Contract Administrator defined below.

Contractor shall appoint one person who shall be responsible for reporting to the Board on all Services performed under the terms of this Contract and who shall be available for consultation with the Contract Administrator.

This provision survives termination of this Contract. To the extent permitted by Kentucky law, Board agrees to hold harmless and indemnify the Louisville/Jefferson County Metro Government, its elected and appointed officials, employees, agents and successors in interest from and against all losses, claims, expenses, actions, causes of action, costs, damages and obligations final or otherwise, arising from any and all negligent acts or omissions or willful misconduct of the Board and its employees in the performance of its obligations under this Agreement that result in injury to persons, damage to property or loss of use of property, and not caused by the negligent act or omission or willful misconduct of the Louisville/Jefferson County Metro Government or its employees.

Pursuant to Ordinance No. 11, Series 2003, Contractor is self-insured for all properly asserted General Liability, Automobile Liability and Police Professional Liability claims brought against it to which the Contractor does not otherwise have a legal defense. In addition, Contractor agrees to keep in full force and effect Excess Self Insurance coverage for all properly asserted claims brought against it to which Contractor does not otherwise have a legal defense, covering Bodily Injury, Property Damage, and Personal Injury Liability under the "Louisville Area Governmental Self Insurance Trust," as long as such coverage is available. The Limit of Liability provided by such Excess coverage shall be at least \$5,000,000.00 per Occurrence under a Combined Single Limit format. The Contractor agrees to provide the Board with a Certificate of Self Insurance from the Louisville Area Governmental Self Insurance Trust, if requested.

Metro Government maintains and appropriates funds for the Self-Insurance Program for Workers' Compensation coverage for Metro Government employees. Metro Government is in compliance with KRS 342.340 of the Workers' Compensation Act and has received the Certificate of Self-Insurance as proof of ability to pay workers' compensation claims.

Unless waived in writing by the Contract Administrator, Contractor shall maintain during the term of this Contract policies of primary insurance covering the following risks and in at least the following amounts: commercial general liability, including bodily injury, property damage, personal injury, products and completed operations, and contractual, \$1,000,000; and automobile liability, \$1,000,000. Contractor shall furnish to the Contract Administrator certificates of insurance evidencing this coverage and naming the Board as an additional insured. Additionally, Contractor shall maintain workers compensation coverage with limits required by law; and professional errors and omissions coverage with minimum limits of \$1,000,000. Contractor shall furnish certificates of insurance evidencing this coverage to the Contract Administrator.

ARTICLE VI Equal Opportunity

During the performance of this Contract, Contractor agrees that Contractor shall not discriminate against any employee, applicant or subcontractor because of race, color, national origin, age, religion, marital or parental status, political affiliations or beliefs, sex, sexual orientation, gender identity, gender expression, veteran status, genetic information, or disability. If the Contract Amount

is paid from federal funds, this Contract is subject to Executive Order 11246 of September 24, 1965 and in such event the Equal Opportunity Clause set forth in 41 Code of Federal Regulations 60-1.4 is hereby incorporated by reference into this Contract as if set forth in full herein.

ARTICLE VII Prohibition of Conflicts of Interest

It shall be a breach of this Contract for Contractor to commit any act which is a violation of the provisions of Article XI of the Regulations entitled "Ethics and Standards of Conduct," or to assist or participate in or knowingly benefit from any act by any employee of the Board which is a violation of such provisions.

ARTICLE VIII Changes

The Board and Contractor may at any time, by mutual agreement set forth in a written addendum, make changes in the definition of the Services; the scope of the Services; and the Contract Amount. The Contract Administrator and Contractor may, at any time, by mutual agreement set forth in a written addendum, make changes in the time within which the Services are to be performed; the schedule of Progress Payments; and mutual Termination of the Contract.

ARTICLE IX Termination for Convenience of the Board

The Board may terminate this Contract in whole or in part at any time by giving written notice to Contractor of such termination and specifying the effective date thereof, at least thirty (30) days before the specified effective date. The Board shall compensate Contractor for Services satisfactorily performed through the effective date of termination.

ARTICLE X Termination for Default

The Board may, by written notice of default to Contractor, terminate the whole or any part of this Contract, if Contractor breaches any provision of this Contract, or so fails to make progress as to endanger performance of this Contract, and in either of these circumstances, does not cure the breach or failure within a period of five (5) days after receipt of notice specifying the breach or failure. In the event of termination for default, the Board may secure the required services from another contractor. If the cost to the Board exceeds the cost of obtaining the Services under this Contract, Contractor shall pay the additional cost. The rights and remedies of the Board provided in this Article shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

ARTICLE XI Disputes

Any differences or disagreements arising between the Parties concerning the rights or liabilities under this Contract, or any modifying instrument entered into under Article VIII of this Contract, shall be resolved through the procedures set out in the Regulations.

ARTICLE XII Contractor's Work Product

Unless waived in writing by the Contract Administrator, the Board shall retain ownership in and the rights to any reports, research data, creative works, designs, recordings, graphical representations or other works of a similar nature (hereinafter "Works") produced or delivered by Contractor under this Contract. Contractor agrees that the Works are "works for hire" and Contractor assigns all right, title and interest in the Works to the Board.

Any reports, information, data, etc. given to or prepared or assembled by Contractor under this Contract shall not be made available to any individual or organization by Contractor without the prior written approval of the Board. Provided, nothing in this Article may be used to violate the provisions of any Kentucky or Federal statute or regulation which requires reporting of information.

ARTICLE XIII Contract Administrator

The Board shall appoint a Contract Administrator for the purposes of daily administrative decision-making pertaining to the Contract. If Contractor and the Contract Administrator disagree on any circumstance or set of facts pertaining to the administration or execution of this Contract, the Board shall resolve the matter after notification by either the Contract Administrator or the Contractor in the manner prescribed by the Regulations. If the Board fails to give notice to Contractor of the appointment of a Contract Administrator, the Contract Administrator shall be the Board's Chief Financial Officer.

ARTICLE XIV Right to Audit

The Board shall have the right to inspect and audit all accounting reports, books or records which concern the performance of the Services. Inspection shall take place during normal business hours at Contractor's place of business. Revised 05/2011

Agreement between Louisville Metro Police Department and Jefferson County Board of Education for the School Resource Officer Program

The agreement made and entered into the 24th day of November, 2015, by and between Louisville Metro Police Department and the Jefferson County Board of Education, doing business as the Jefferson County Public Schools.

A. Scope

The School Resource Officer (SRO) is a community policing approach practiced in a school environment. The school is the police officer's beat and community. The exclusive focus on the physical and social territory of the school is an important aspect of the SRO concept. Unlike police officers who respond to school problems as a result of a 911 call by school personnel, the SRO knows the school's physical layout and is aware of who belongs on school property and who does not.

Goals and Objectives

1. Maintain a safe and secure environment on campus, which will be conducive to learning.
2. Establish a positive working relationship in a cooperative effort to prevent juvenile delinquency and assist in student development.
3. Promote positive attitudes regarding the police role in society and to inform students of their rights and responsibilities as lawful citizens.

The Louisville Metro Police Department in collaboration with Jefferson County Public Schools shall select the School Resource Officer or Officers and assign each to a selected school or schools. When possible the school principal or Director of Security and Investigations Unit will participate on the interview committee or board. This process will help select a School Resource Officer for a particular school that will meet the goals and objectives established in this MOU, and be a good fit for the particular school.

B. Descriptions of General Duties

The SRO has three main functions: law enforcement officer, law related educator, and advisor. First, as a law enforcement officer, the SRO maintains a safe and secure school environment in which "...teachers feel safe to teach and students feel safe to learn." Second, as a law related educator, the SRO conducts classroom presentations pertaining to law related topics, and in doing so, informs students and promotes positive attitudes regarding the role of police in society. Last, the SRO acts as an advisor to students, parents, teachers and staff on issues related to law enforcement, substance abuse, delinquency, violence and other law related topics. The SRO may talk with students, parents, teachers and staff about their problems and help them find possible solutions. When necessary, the SRO may make referrals to counselors or appropriate social service agencies for additional assistance.

The SRO wears a uniform and weapon while on duty in the school. Exceptions to the uniform can be made by the SRO supervisor; this will only happen in approved situations. JCPS Board policy prohibits

purchasing of personal clothing and equipment for a SRO by the Jefferson County Schools or by an individual school.

C. Mandatory Orientation Meeting and SRO Training

On a specified date before the first day of school, Principals and/or their selected staff at schools that have an SRO shall attend one mandatory SRO orientation meeting with a member of the Louisville Metro Police Department's Command Staff, and JCPS District SRO Coordinator. The meeting will review this Agreement. It will also cover the duties and responsibilities of both the School Resource Officer and the school administrators and staff. All School Resource Officers with the Louisville Metro Police Department will also be required to attend this meeting.

All Louisville Metro Police Department School Resource Officers will also be mandated to have a 40 hour in-service from DOCJT or equivalent for School Resource Officer certification. The training will be completed based on the available dates from the DOCJT or the equivalent source.

Prior to a new SRO beginning work in his/her assigned school, the new SRO will receive 16 hours of JCPS Orientation Training from the JCPS Security and Investigations Unit. SROs will also attend a minimum of 50% of scheduled monthly training meetings facilitated by the JCPS SRO Coordinator.

The SRO Coordinator will provide Louisville Metro Police Department with a summary of SRO training for their training records at the end of each month. The agency will provide the SRO Coordinator the contact information of the person designated to receive training information.

D. Desired Outcomes

The goals of the SRO program are to maintain a safe and secure environment on campus, establish a positive working relationship with school staff and students, prevent juvenile delinquency and assist in student development, and promote positive attitudes regarding the police. One of the most effective ways for an SRO to accomplish the goals of the program is to be a positive role model. Students learn from every interaction they have with an SRO. It is essential for an SRO to be a positive role model who endorses high moral standards, uses good judgment and discretion, is consistent and fair, respects all students, and displays a sincere concern for the school community. School Resource Officers must maintain a professional appearance; be visible, accessible, and willing to talk to students; attend and participate in school activities; interact positively with students and the community, taking their concerns seriously; and maintain a positive relationship with the faculty and administrators.

E. Information Sharing

Jefferson County Public Schools agrees to share any and all information, which will ensure the success of the program within the confines of the Family Education Rights and Privacy ACT (FERPA).

The SRO and the Principal should meet weekly to establish priorities. The Principal and/or a designated school administrator will meet with the SRO daily for coordination and sharing information.

When possible, school staff will notify officers if a student involved actively in an incident, or after an incident, has an Individual Education Plan (IEP) which may require special treatment or accommodations. This is for the safety and proper handling of the student, and the safety of students, staff and the officer.

F. Supervision Responsibility and Chain of Command for the SRO

School Resource Officers shall remain employees of the Louisville Metro Police Department and shall not be employees of the Jefferson County Public School System. The SRO reports to their agency's designated supervisor. All law enforcement related paperwork is submitted to their agency's Supervisor. A copy of Offense Reports and Arrest Citations will be faxed or emailed to the JCPS District SRO Coordinator as soon as possible after an incident.

The SRO shall conduct investigations of crimes, which occur at their assigned school, and use other resources if needed to follow-up investigations.

The SRO will submit a monthly summation report of SRO activity to the Louisville Metro Police Department's SRO Lieutenant and the Jefferson County Public Schools SRO Coordinator at the end of every month.

If an issue arises between the SRO and the school principal, a meeting will be set to address the issues at a time convenient to all involved parties. If the issues are not resolved after the first meeting, the party that is not satisfied shall reduce their concerns to writing and send them to the Louisville Metro Police Department SRO supervisor and the Director of Security and Investigations for a resolution. The Louisville Metro Police Department SRO supervisor and the Director will meet to resolve the issue. If the conflict cannot be resolved satisfactorily; then replacing the SRO at that particular school, or ending the SRO program at that particular school and moving the SRO to another school will be considered as options.

When the school principal suspects child abuse, criminal misconduct, or other inappropriate conduct by the SRO, he/she will immediately contact the SRO's supervisor or designated complaint chain of command. Louisville Metro Police Department will provide the principal with the latest contact information for the SRO supervisor or designated complaint chain of command.

School Resource Officers will be required to notify the principal or designated staff member when they will be out of the building. This notification can be accomplished via phone, email, or memo. When possible, notification is preferred a week prior to the date of absence to allow enough time for the school to plan for the SRO's absence.

G. Decision Making Authority Regarding Enforcement of Applicable Laws and Procedures by the SRO

The SRO shall not be used as the school disciplinarian. If the principal believes an incident is a violation of the law, they may contact the SRO to determine if law enforcement action is needed.

In consultation with the principal, the SRO may take law enforcement action against intruders and unwanted guests who appear on school property. The SRO will take law enforcement action for all felonies occurring on the campus and any acts of extreme violence (felony), sexual assault, child abuse, and illicit drug activity. The school administrators will insure that school staff cooperate with SROs when they are performing their law enforcement duties.

The SRO's preferred response to misdemeanor incidents would be to de-escalate the situation as to avoid criminal charges. If that is not possible, the SRO can use his/her discretion on handling the situation to resolve the matter in the best interest of the students and staff.

The SRO cannot be present when a principal conducts an administrative search unless the principal or school personnel fear for their safety.

It is not the School Resource Officer's responsibility to enforce school rules and policy. The SRO may inform the staff of rules and policy violations, but enforcement of violations will be determined by school staff.

The SRO shall follow the School Resource Officer Confiscation Procedure when confiscating drugs from students on school property.

The SRO shall follow the guidelines of the KRS and KAR, and School Board Policy in regards to investigations, interviews and searches relating to juveniles.

The SROs will participate in the Restorative Justice program when requested by the Jefferson County Attorney's office. The program allows alternative dispositions to cases other than criminal court proceedings.

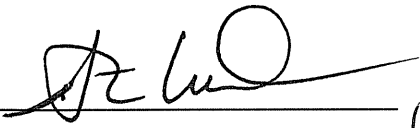

H. Evaluation of the Program

The effectiveness of the SRO program at a particular school will be detailed in a scheduled process evaluation meeting between the principal of the school and the SRO. The summative yearly evaluation meeting will take place at the close of each school year involving the Chief of Police and the Director of Security and Investigations of the Jefferson County Public Schools.

I. SRO Temporary Replacement

If the assigned SRO will be away from a school for 20 consecutive school days due to illness, injury or some other cause, Louisville Metro Police Department will provide a temporary substitute SRO. The Substitute SRO is not required to receive the training listed in Paragraph C. However, the school will provide orientation training for the Substitute SRO on his/her first day.

My signature certifies that the SROs deployed in the school or schools covered by this Agreement will spend at least 75 percent of his/her time in and around their assigned school while school is in session for the school year.
