>

(500 character maximum)

* Statement of Impact

Please summarize in three to four sentences:
- Number of individuals served,
- Instruction to be provided,
- Expected outcomes.

>

(500 character maximum)

* Project/Program Objective   State the project/program objectives in terms of measurable outcomes for the target population. All objectives should be attainable, measurable and consistent with the statement of impact. Define potentially ambiguous terms such as "service", "at risk", "learning disabled", etc. Outcomes should include the actual numbers, not percentages, of individuals who will be served in order to attain your goals.

(2000 character maximum)
