Resource Capacity

* indicates required field

* Project Partners and Responsibilities

Describe the role of each partner in this project including agencies, programs and individuals, if applicable. Demonstrate the capacity of the lead agency and partners to carry out their respective responsibilities. *Please type N/A if this is not applicable to your application.

N/A

(1997 character(s) remaining)

* Key Personnel

List the roles of key personnel for your project/program. Describe why each is uniquely qualified to make the project a success.

John Long, is our instructor for math. He is a highly skilled math teacher. He takes time to explain the real life application.

Irene Lotter is our academic assistant.

(1827 character(s) remaining)

* Project Facilities

Demonstrate that facilities, equipment and supplies necessary to implement the project are adequate or can be obtained during the appropriate stage of the project.

With the purchase of the new computers then we would be better able to prepare our students for success on the GED test and for the employment.

(1856 character(s) remaining)

* Available Technology

List the technology currently available and utilized during direct instruction.

Currently our computers are 10 years old. We have three IMac computers that are used for administration purchased in 2006. We have 7 Apple laptop computers purchased in 2006 and 2007. There are 3 Dell laptop computers purchased in 2003, 2004 and 2005. There are 4 Dell desktop computers purchased in 2008. The 3 Dell laptops are no longer useable. All the rest of the computers are used daily; however, they are slow to the point that it makes it difficult for us to use them.

(1513 character(s) remaining)

* Are you requesting technology with this grant application?

Yes 

If yes, how will it be used to advance the literacy program we would be funding?

Please describe the proposed technology and how it will be used in direct instruction.

The new computers would run faster and be able to make the use of the computers less frustrating.
