

# School Enrollment Projection Basics

1. Project the incoming class (K, grade 6, grade 9)
  - based on recent shares of Kindergartners, or shares of rising 5<sup>th</sup> / 8<sup>th</sup> graders
  - tweaked based on knowledge of recent local conditions and trends
  
2. Determine grade-by-grade projections
  - based on recent matriculation patterns in the building as kids move grade-to-grade
