

America's Farmers Grow Communities Organization Letter of Agreement

The Monsanto Fund requires grantees to fulfill a variety of requirements. Fulfillment of grant requirements is essential for our internal evaluation of the impact that our grants have on rural communities, and they are a standard part of due diligence required by our auditors. Once all requirements are met, the Monsanto Fund will issue and mail your organization a check for \$2,500. All checks will be issued by March 18th.

To proceed with awarding the grant to your organization there are a few requirements:

1. **Letter of Agreement:** Please read this letter of agreement in its entirety, sign it and return it using DocuSign. By signing and returning a copy of this letter, your organization agrees to be bound by the terms set out in this letter.
2. **Publicity Release & Photograph License:** Your organization, as recipient of the award made in connection with America's Farmers Grow Communities (the "Project") sponsored by the Monsanto Fund, is required to sign the Publicity Release and Photograph License provided on the next couple of pages.
3. **Tax Verification:** The Monsanto Fund, as governed by IRS rules, will verify that your organization has the appropriate tax exempt status 501(c)(3) or 170(c)1 to be eligible to accept the America's Farmers Grow Communities donation. Your organization must also be Pub78 verified and Patriot Act compliant. The Fund will acquire your tax exempt documentation from Guidestar, NCES, or from your organization. Tax exempt documentation is due no later than January 29, 2016. If your organization is a government institution, an associate will work with you to gather acceptable alternate documentation. If the organization does not have the appropriate tax exempt status, 501(c)(3) or 170(c)1, the organization will not be eligible for the grant.
