I will go ahead and approve this purchase since this is from technology funds that have already been allocated to Todd County Academy and since these computer will be used for on-line testing.

**Subject:** Re: Technology Needs

Mr. Kenner, I am recommending the purchase of 20 iMac computers for a total of \$18,360. I would like to place this order as soon as possible so we can have the new machines in and installed in time for the students to practice before online testing.

Thank you!

Mr. Kenner, previously some funds were allocated to TCA for the purpose of

upgrading our technological needs. We did not use the funds at that time. I am now requesting permission to use some of those funds due to our programs expanding. We are short on computers and really need some more. Please note we will be doing on-line testing this year and will need to upgrade several staff members' workstations in order to handle Infinite Campus. Thank you.

Ken
