

Make Dessert Together as a Family!

C3PO DESSERT

Read and follow the directions together:

1. Gather the ingredients from the dessert area near the serving line.
2. Empty the pudding mix into the baggie.
3. Pour the milk into the baggie (it's already measured 2 cups for you).
4. Close the baggie tightly.
5. Gently knead the bag, mixing the milk and pudding together. You have finished when there are no clumps and the pudding seems smooth. Set the pudding mixture baggie aside.
6. Place two vanilla wafer cookies in the bottom of the clear cup.
7. Raise your hand to ask a helper to put whipped cream on top of them (if desired).
8. Divide up the pudding evenly by pouring a little into each person's clear cup.
9. Smooth out the top of the pudding so we can decorate it with C3P0's face!
10. Cut the banana into enough slices so that each person can have two (2) slices.
11. Place both slices on top of the pudding cup as C3P0's eyes.
12. Divide up the gold sprinkles to give each person a small amount. Use them to decorate the rest of C3P0's face!
13. Grab a spoon and enjoy your yummy C3P0 Dessert!

Cooking and baking together at home can be so much fun!

Try it more often!
