

## **JCPS BOARD REPORT – District 4**

*Chuck Haddaway*

### **Recent**

- Feb 24 - Mill Creek Leadership Academy's presentation of the Life of Harriet Tubman was shared for Black History Month themed education.
- March 4 – caught up with some PRP students and teacher at the Kentucky Science Center for JCPS Idea Festival; sat in a great presentation from two Senegal students on the issues of trade that effect their country directly.
- March 5 – Congrats to Butler Traditional Girls Basketball, who defeated Mercy to win the Sixth Region Championship
- March 7 – Congrats to Doss Boys Basketball & Doss Cheerleaders – both are Sixth Region Champions. The Boys basketball team will compete next
- Legislative Motion since last Board Meeting

### **Upcoming**

- March 10 – Butler Traditional Girls Basketball will face Bowling Green in the Girls Sweet 16 State Championship, held at Northern Kentucky University
- March 11 - Shacklette Elementary will host a Live Black History and Live Women's History Museum beginning at 9:45 a.m. Dozens of students have researched historical figures and will portray them for their classmates in character with monologues and songs. For more information, call Shacklette at **485-8325**.
- March 17 – Doss Boys Basketball will face the 15<sup>th</sup> Regional Champ in the Boys Sweet 16 State Championship, to be held at Rupp Arena in Lexington
- March 24 - Trauma & Domestic Violence Meeting at Library
- April 22 – Twenty JCPS teams have qualified to compete in the School Technology Leadership Program (STLP) State Competition in Lexington.
  - Crums Lane ES is providing two teams who will compete in podcasting, photography, news casting and quick recall. They will present the project they have been working on at school, encouraging students to reduce their intake of sugary drinks and increase their water intake.
  - Kerrick ES will share a presentation on the amount of polystyrene used in schools and compete in a robot obstacle course. One robot will be in a sumo competition.
  - Farnsley MS is actually going to the VEX World Challenge as it is on the same date as the state competition. VEX is a robotics program supported by Project Lead The Way curriculum.
