## 2. RFP 04-16 Liberty Road Bus Garage Fuel System Replacement

### **BACKGROUND AND RATIONALE:**

A fueling station has been in place at the Liberty terminal for a number of years. This station allows us to refuel the buses onsite. Approximately 162 of the buses in our fleet utilize the system since they are housed at this terminal. The system was last upgraded in 1997. Since the upgrade, we have experienced issues from time to time. We have now reached the point that we need to completely overhaul the system so that we can continue to fuel buses at this location.

Vendor: The following bidders received specifications and have bid on the indicated contract:
