Dear Mr. Wheeler:

CRI has the experience and understanding of Kentucky school districts to provide a quality service to the District. Attached is a proposal for three years of audit services for the District. We realize your budget challenges; therefore, we have strived to have very small increases in the audit cost. As always, our goal is to keep the audit cost as low as possible.

We appreciate the opportunity to provide audit services to the District and value our business relationship. Should you have any questions, call me.

Very truly yours,
