## *What Those That Have Used Larry's Strategies Say...*

### Success Story from Sparta, TN

January 5, 2016

Larry,  
After attending your workshop, Woodland Park Elementary School launched the use of Unra(a)vel and the 12 Powerful Words. Every classroom and teacher put your strategies into place. As a result, they went from being a school with a score of 1 to a school with a score of 5. They were selected as a Reward School in the state of TN. That means that their performance was in the top 5% of the state. Thanks for your help!!!!!!

Cindy Langford

Larry, Larry, Larry! I would like to thank you for the support you provided to my teachers and me so that we could inspire and motivate our school. I knew your strategies worked because I saw success with them in the past, but please believe the strategies are still very, very relevant. Check out these increased passing rates that are sure to raise our school's letter grade from F.

We had the following increases in passing and proficiency percentages:

2012-13	Passing %	2013-14
53%	Algebra I	82%
52%	Biology I	74%
52%	English II	71%

Larry, thank you so much. I know that your presence, guidance, advice, and testing strategies helped us produce such fabulous gains in student achievement.

Sincerely,

Joe Griffin, Ed.S. West Bolivar HS, Rosedale MS
