

**Curriculum, Instruction, and Assessment
Board Agenda
Wednesday, May 25, 2016**

PROFESSIONAL DEVELOPMENT

- ELA and Math teachers will be coming in over the summer to develop/refine assessments.
- Content area teachers will be attending the Junior Great Book Training on Monday, August 8 and Tuesday, August 9.

ASSESSMENT

- KPREP testing has been completed and the testing materials have been shipped!
- End of Course Assessments have been completed on the computer and the paper/pencil materials have been shipped.

CURRICULUM/INSTRUCTION

- All ELA and Math teachers will have analyzed and studied their standards and the grade level standards below them. All ELA and math teachers have also identified the standards they are teaching each quarter. At a summer PD day, all teachers will be developing/refining assessment questions for each standard that they teach. They will also be discussing these standards and assessments with teachers that teach the grade level below and above them.
- I am serving on a committee to develop a New Teacher Induction Program for all teachers in the Northern Kentucky Area. I will be taking what I have developed at Dayton Schools to assist in the implementation of this New Teacher Induction Program.
