Based on invoices and bids secured by the insured, we have determined the attached repair cost as a result of this covered cause of loss. We did not figure the cost of hail gaurds on the AC units as quoted by the repairman due to the fact their was none on the units when this loss occurred. this reduced the quote by \$3,067.00. This was explained to the insured. We have completed our assignment and will leave final process of claim up to your office. Thank you for this assignment.
