Re: Special Energy Project Funding (SEPF)

The Kentucky Public Service Commission (PSC) has issued a final order in PSC Case No. 2015-00398 authorizing the Louisville Gas and Electric Company (LGE) and Kentucky Utilities (KU) to make available \$1,000,000 in Special Energy Project Funding (SEPF) in their service territory beginning July 1, 2016. The goal of SEPF is to help districts initiate energy projects otherwise not possible because of the insufficiency of general funds to support non-classroom initiatives. The funding is available for energy and demand reduction projects in public school facilities in the KU/LGE service territory subject to receipt of timely submitted proposals.

A proposal to receive a portion of these funds including a resolution will be brought to the June 20, 2016 Regular Board Meeting for approval.
