As a condition of initial employment, all classified employees (except bus drivers), including substitute employees, shall pass a medical examination as indicated in 702 KAR 1:160. The examination shall be provided by a licensed physician, physician assistant (PA), or Advanced Practice Registered Nurse. If the employee elects to be examined by a private practitioner, the cost of examination shall be borne by the employee.¹

REPORT REQUIREMENTS

Unless a new employee is hired after the beginning of the school year, examinations shall be conducted prior to August 1 of the school year in which the person is employed.

Medical examinations performed within a ninety (90)-day period prior to initial employment will be accepted.

The medical examination shall be reported on the form required by Kentucky Administrative Regulation or an electronic medical record that includes all of the data equivalent to that on the Medical Examination of School Employees form. A copy of the form or electronic medical record and a statement indicating the employee's medical status must be filed with the Superintendent prior to assuming assigned duties.

TUBERCULOSIS SCREENING/TESTING

Each medical examination shall include a risk assessment for tuberculosis as required by Kentucky Administrative Regulation. Individuals identified by that assessment as being at high risk for TB shall be required to undergo a tuberculin skin test or a blood test for Mycobacterium tuberculosis (BAMT) as required by 702 KAR 1:160. A person who tests positive for TB shall be required to comply with the directives of the Board, local board of health and the Kentucky Department for Public Health, Cabinet for Health and Family Services, for further evaluation and treatment of the tuberculosis infection.^{1, 2 & 3}

Medical Examination**REQUIRED EXAMINATION FOR PRESENT PERSONNEL**

When, in the opinion of the Superintendent, there is evidence that an employee is no longer able to perform satisfactorily the assigned duties because of health problems or when the employee poses a health threat to students or other employees, the Superintendent may, consistent with the Americans with Disabilities Act and the Family Medical Leave Act, require the employee to provide evidence of fitness in the form of an examination and report by a physician of the Superintendent's choosing. The Board shall bear the cost of this examination.³

SCHOOL TO REPORT

Local school authorities shall report immediately all known or suspected cases of communicable disease to the local health department. Diseases to be reported shall not include those considered confidential, such as HIV/AIDS, as set forth in Kentucky Administrative Regulation. ²

MEDICAL CONFIDENTIALITY

Signed consent of the employee designating personnel to be informed shall be required before the Superintendent advises personnel of the employee's medical condition.

The Superintendent shall determine which employees are to have access to medical information. This determination shall be made on a need-to-know basis.

Home/Hospital Instruction

PURPOSE

Home/hospital instruction provides educational services to students who cannot attend school for extended periods due to temporary or recurring conditions, including fractures, surgical recuperation, or other physical, health, or mental conditions. An “extended period” refers to an absence for more than five (5) consecutive school days.

Home/hospital instruction will be a minimum of two (2) visits per week with one (1) hour of instruction per visit, which is equivalent to one (1) child’s attendance in school for five (5) days. Students on extended placement in home/hospital instruction may receive virtual/online instruction, which would be in addition to the minimum two (2) one (1)-hour visits per week. A parent or responsible adult must be present in the home/hospital room during the time the home/hospital teacher is present.

ELIGIBILITY

Determination of a student’s eligibility and provision of services for home/hospital instruction shall be made in compliance with applicable statutes and regulations. In accordance with KRS 159.030(2), the Board shall require evidence for students exempted from school attendance more than six (6) months. An exemption shall be reviewed annually.

At any time based on changes in the student’s condition, the home/hospital review committee may schedule a review of the student’s continued eligibility for home/hospital instruction.

The Admissions and Release Committee (ARC) shall determine homebound placement for a student with disabilities. The 504 Team for a student may facilitate submission of an application to the review committee.

SECONDARY STUDENTS

A high school student placed on home/hospital instruction for extended periods may carry all appropriate credits during the first semester of placement. Except for students with an Individual Education Plan (IEP) or a 504 plan, the number of credits to be carried during all subsequent semesters of placement shall be determined on a case-by-case basis by the review committee, based on the following criteria:

1. The student's ability to work independently during extended periods without direct assistance.
2. The student's capacity to complete assignments within a reasonable time frame.
3. The likelihood that the student will be able to complete course criteria required for graduation, as required by the [Kentucky's Core Academic Standards](#).

Home/Hospital Instruction

SECONDARY STUDENTS (CONTINUED)

- 4. When considering the student's condition, should s/he take a full or reduced course load? (If a reduced course load is appropriate, the committee shall determine the number of courses the student may take.)

STUDENTS WITH DISABILITIES

Based on documentation of student need, including medical or mental health evaluation information, a student with disabilities may be placed in the home/hospital instructional program if his/her individual education plan (IEP) specifies such placement is the least restrictive environment for providing services. The ARC Chair shall provide written notice of eligibility and documentation to the District Director of Pupil Personnel for purposes of program enrollment.

The Admissions and Release Committee (ARC) or 504 Team shall determine on a case-by-case basis the type and extent of homebound services for a student, including the number of credits a student at the secondary level ~~and the number of credits the student~~ will be permitted to earn while on home/hospital instruction.

PLAN FOR DIAGNOSING

EXTENDED SCHOOL SERVICES

The Board shall provide extended school services consistent with students’ intervention plans and goals included as part of individual learning plans, requirements of 704 KAR 3:390, and local plans and procedures.

For students eligible to attend ESS, the District shall:

- Identify learning goals and benchmarks for each student that, if achieved, indicate that the student may exit the extended school services program; and
- Determine conditions under which a student's absence from the program may be considered excused or unexcused.

The District shall select pupils who need additional instructional time or differentiated opportunity to learn academic and enrichment content aligned with their individual student needs to improve their present level of performance in one (1) or more content areas. Priority for ESS services shall be placed on designing and delivering services to students at risk academically.

The District may provide extended school services during the regular school day when a waiver for alternative service delivery has been obtained. Extended school services offered during the summer shall be available to all eligible students residing in the District regardless of whether they attend District schools.

School Calendar

DEVELOPMENT OF CALENDAR

On or before May 15, the Board, upon recommendation of the Superintendent, shall adopt a school calendar prior to each upcoming school year that establishes or includes:

1. Opening and closing dates of the school term,
2. Beginning and ending dates of each school month,
3. Days on which students are scheduled to receive instruction at school within designated start and dismissal times (student attendance days) and the length of each student attendance day in accordance with KRS 158.060,
4. A minimum school term of not less than one hundred eight-five (185) days composed of student attendance days, teacher professional days, and holidays,
5. A student instructional year of at least one thousand sixty-two (1062) hours of instructional time or not less than one-hundred seventy (170) student attendance days,
6. Instructional time required for kindergarten per KRS 157.320,
7. Any instructional time to be banked to make up for full days that may be missed due to an emergency,
8. Days in addition to the student instructional year for the make-up of instructional time missed due to emergency equal to the greatest number of days missed system-wide over the preceding five (5) school years, and
9. Days on which schools shall be dismissed.

ADDITIONAL REQUIREMENTS

A testing window in accordance with KRS 158.6453 to accommodate state-mandated assessments shall also be included.

The Board may schedule days for breaks in the calendar that shall not be counted as part of the minimum student instructional year.

Schools shall be closed on the Tuesday after the first Monday in November in Presidential election years.

If any school in the District is used as a polling place, the Schools District shall be closed on the day of a regular or primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences. Subject to the requirement that schools shall be closed on Presidential Election Day, the District may be open on the day of an election if no school in the District is used as a polling place.

School Calendar**AMENDING THE CALENDAR**

The Board may amend the school calendar after it is adopted due to an emergency. The Board may lengthen or shorten any remaining student attendance days by thirty (30) minutes or more, as necessary provided it meets at minimum, a student instructional year as defined in statute. No student attendance day may contain more than seven (7) hours of instructional time unless the District submits and receives approval from the Commissioner of Education for an innovative alternative calendar.

EMERGENCY WAIVERS

Emergency day waivers may be requested if the District has missed more than twenty (20) regular student attendance days and demonstrates that an extreme hardship will result if not granted the waiver. Board requests for District-wide emergency day waivers shall be submitted to the Commissioner.

Dismissal from School

RELEASE OF STUDENTS

At any time students are dismissed from school, they shall be released according to the written instructions provided by the custodial parent/guardian. The instructions, which shall be requested at the time the student registers/enrolls for the school year, shall include the student's regular mode of transportation at the end of the day and a list of persons, in addition to the custodial parent/guardian, who are authorized to pick up the child from school. Any deviation from the authorized release process must be approved by the Principal/designee prior to the student departing school in another manner.

It shall be the responsibility of the custodial parent/guardian to notify the school in writing if release instructions are to be revised. If written instructions are not provided to the school, the student shall only be released to ride home on the assigned bus or with the custodial parent/guardian.

Any student who leaves the school grounds at any time without proper authorization shall be subject to appropriate disciplinary action.

RELEASE PROCESS

If the student is to be picked up early, the custodial parent/guardian or designee shall report to the Principal's office and sign for the student's release.

Each school shall maintain a daily entry and exit log of students signing in late or signing out early and shall require proof of identification from individuals (visual identification by an employee, driver's license, picture identification, etc.) to assure that they are authorized to pick up the student.

Those students who are not on record as being under the care or control of a parent/guardian may sign for their own dismissal.

EXCEPTIONS

A student may be released to a person with lawful authority to take custody of the student, e.g., a police officer with a warrant or the person authorized by the Cabinet for [Health and Family Services when the student is committed to the Cabinet by a court order](#). In such case, the student's parent shall be notified at the earliest opportunity.

In addition, the Board authorizes emergency release of students for illness or other bona fide reasons, as determined by the Principal.

Student Records

Data and information about students shall be gathered to provide a sound basis for educational decisions and to enable preparation of necessary reports.

PROCEDURE TO BE ESTABLISHED

The Superintendent shall establish procedures to promote effective notification of parents and eligible students of their rights under the Family Educational Rights and Privacy Act (FERPA) and to ensure District compliance with applicable state and federal student record requirements.

DISCLOSURE OF RECORDS

Student records shall be made available for inspection and review to the parent(s) of a student or to an eligible student on request. Legal separation or divorce alone does not terminate a parent's record access rights. Eligible students are those 18 years of age or older or those duly enrolled in a post-secondary school program. In general, FERPA rights pass to the eligible student upon either of those events. Parents may be provided access to the educational records of an eligible student 18 years old or older if the student is dependent under federal tax laws.¹

Formatted: ksba normal

Upon written request, parents or eligible students may be provided copies of their educational records, including those maintained in electronic format, when necessary to reasonably permit inspection. Such copies shall be provided in a manner that protects the confidentiality of other students. A reasonable fee may be charged for copies.

District personnel must use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other parties to whom the District discloses personally identifiable information from education records.

In addition, considering the totality of the circumstances, the District may disclose information from education records to appropriate parties, including parents of eligible students, whose knowledge of the information is necessary to protect the health or safety of a student or another individual, if there is an actual, impending, or imminent articulable and significant threat to the health or safety of a student or other individual. In such instances, the basis for a decision that a health or safety emergency existed shall be recorded in the student's education records.

Authorized District personnel also may disclose personally identifiable information to the following without written parental consent:

Student Records

DISCLOSURE OF RECORDS (CONTINUED)

- Officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student's enrollment or transfer;
- Authorized representatives of a Kentucky state child welfare agency if such agency presents to the District an official court order placing the student whose records are requested under the care and protection of said agency. The state welfare agency representative receiving such records must be authorized to access the child's case plan.
- School officials (such as teachers, instructional aides, administrators, including health or medical staff and law enforcement unit personnel) and other service providers (such as contractors, consultants, and volunteers used by the District to perform institutional services and functions) having a legitimate educational interest in the information.

Formatted: ksba normal

District and school officials/staff may only access student record information in which they have a legitimate educational interest.

Contractors, consultants, volunteers, and other parties to whom the District has outsourced services or functions may access student records provided they are:

- Under the District's direct control with respect to the use and maintenance of education records; and
- Prohibited from disclosing the information to any other party without the prior written consent of the parent/eligible student, or as otherwise authorized by law.

DISCLOSURE TO REPRESENTATIVES FOR FEDERAL OR STATE PROGRAM PURPOSES

Personally identifiable student information may be released to those other than employees who are designated by the Superintendent in connection with audit, evaluation, enforcement, or compliance activities regarding Federal or State programs. Such designation must be executed in writing with the authorized representative and specify information as required by 34 C.F.R. Part 99.35.

DUTY TO REPORT

If it is determined that the District cannot comply with any part of FERPA or its implementing regulations due to a conflict with state or local law, the District must notify the Family Policy Compliance Office (FPCO) within forty-five (45) days of the determination and provide the text and citation of the conflicting law.

DIRECTORY INFORMATION

The Superintendent/designee is authorized to release Board-approved student directory information. Approved "directory information" shall be: name, address, phone number, date and place of birth, student's school email address, major field of study, participation in officially recognized activities and sports, photograph/picture, grade level, weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, and most recent educational institution attended. Any eligible student or parent/guardian who does not wish to have directory information released shall notify the Superintendent/designee in writing within thirty (30) calendar days after receiving notification of FERPA rights.

Student Records

DIRECTORY INFORMATION (CONTINUED)

The District allows for disclosure of directory information only to specific parties for specific purposes. Such limitations are specified in the student directory information notification.

SURVEYS OF PROTECTED INFORMATION

The District shall provide direct notice to parents/guardian to obtain prior written consent for their minor child(ren) to participate in any protected information survey, analysis, or evaluation, if the survey is funded in whole or in part by a program of the U.S. Department of Education.

Parents/eligible students also shall be notified of and given opportunity to opt their child(ren) out of participation in the following activities:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Parents/eligible students may inspect, upon written request and prior to administration or use, materials or instruments used for the collection, disclosure, or use of protected information.

STUDENTS WITH DISABILITIES

The District's special education policy and procedures manual shall include information concerning records of students with disabilities.

RECORDS RELEASE TO JUVENILE JUSTICE SYSTEM

Once a complaint is filed with a court-designated worker alleging that a child has committed a status offense or public offense, schools shall provide all records specifically requested in writing, and pertaining to that child to any agency that is listed as part of Kentucky's juvenile justice system in KRS 17.125 if the purpose of the release is to provide the juvenile justice system with the ability to effectively serve, prior to adjudication, the needs of the student whose records are sought. The authorities to which the data are released shall certify that any educational records obtained pursuant to this section shall only be released to persons authorized by statute and shall not be released to any other person without the written consent of the parent of the child. The request, certification, and a record of the release shall be maintained in the student's file.

Student Records**JUVENILE COURT RECORDS**

Only the Superintendent and school administrative, transportation, and counseling personnel or teachers or other school employees with whom the student may come in contact, shall be privy to this information, which shall be kept in a locked file when not in use and opened only with permission of the administrator. Notification in writing of the nature of offenses committed by the student and any probation requirements shall not become a part of the child's student record.²

Upon notification by the Commissioner of Education of a child's disappearance, the District in which the child is currently or was previously enrolled shall flag the record of such child in a manner that whenever a copy of or information regarding the child's record is requested, the District shall be alerted to the fact that the record is that of a missing child. Instead of forwarding the records of a child who has been reported missing to the agency, institution, or individual making the request, the District shall notify the Justice Cabinet.

COURT ORDER/SUBPOENA

Prior to complying with a lawfully issued court order or subpoena requiring disclosure of personally identifiable student information, school authorities shall make a documented effort to notify the parent or eligible student. In compliance with FERPA, notice to the parent is not required when a court order directs that disclosure be made without notification of the student or parent, or when the order is issued in the context of a dependency, neglect, or abuse proceeding in which the parent is a party. If the District receives such orders, the matter(s) may be referred to local counsel for advice.
