Dear Parent/Student of Boone County Schools

We were recently informed by the Kentucky Higher Education Assistance Authority (KHEAA) that we must count every credit beginning this school year in order for all of our current students to receive correct Kentucky Educational Excellence Scholarship (KEES) amounts.

We will retroactively ensure that all credits students have taken while in our high schools count starting with the summer school courses of the summer of 2015. This will include all dual credit courses taken through the Early College program, dual credit offerings at each high school and any summer programs or extension program credit work.

This may have an effect on your student's GPA and each school's class rank. Each high school will still make determinations on awards based on this new GPA.

We thank you for your patience and understanding as we make this change at the end of the school year. The timing is unfortunate, but we certainly want to ensure that your student is receiving the maximum KEES benefit for their post-secondary education in the future.

Any questions may be directed to your student's individual high school guidance counselor.

Sincerely,

Karen Cheser, EdD.
Deputy Superintendent
Chief Academic Officer

James Detwiler, EdD.
Assistant Superintendent
for Learning Support Services
