SCHOOLS

## Success Stories

"I love our daycare! The teachers are so kind and caring. I feel confident my son is in a safe, nurturing environment."

- Amanda Berringer, Parent

"The Dayton Youth Center is amazing. The teachers are like a second family. They go above and beyond to care and develop children. I wouldn't take my son anywhere else."

-Jennifer Dressler, Parent

## What We Do

### Quality Daycare on the School Schedule

Dayton Independent Schools prides itself on providing quality daycare for our students, staff, and community. Our daycare center is located right next to Davis Field at the end of Vine Street. This center is open to everyone!

### Our story

The purpose of this center is to provide affordable and timely care for children of our students, staff, and community. We operate our daycare on our school calendar and are open only on Dayton Independent School days. ***We do not charge for Fall Break, Holidays, Christmas Break, Spring Break, Summer Break, etc.***

## Quality Care

**Infant Care:** We pride ourselves on providing a secure, loving, and nurturing environment for babies while their parents are at work. Our staff have a deep affection for the infants in their care. Along with the physical and developmental tasks provided, the daily routine includes warmth, love, and affection. We understand that you and your baby will be going through a period of becoming comfortable with your new routine.

**Toddler Care:** Toddlers are unique individuals - just leaving babyhood, but not yet preschoolers. They struggle with autonomy by being both strongly independent and then suddenly dependent. A curriculum designed for toddlers must address the unique developmental aspects of this group, and be responsive to their needs and interests.

**Preschool wraparound:** We are able to provide wraparound care for preschool that enhances all of the necessary skills and understandings to succeed in kindergarten and continue to thrive academically and socially. We believe that by providing an atmosphere of love, respect, and understanding, we will prepare your child for a bright future.
