

Superintendent's Report

June 14, 2016

Chair David Jones, members of the Board, I will be presenting my *Year in Review* as an Information Item.

Along with Louisville and the world, JCPS mourned the loss of JCPS Alum and Central High Class of 1960 graduate Muhammad Ali. *Vision 2020's* strategic goal 2.1.2 is to cultivate a growth mindset. Dr. Carol Dweck in her book, *Mindset - The New Psychology of Success*, on pages 84-85, talks about Ali's growth mindset.

A famous boxing manager reflects on Ali: He showed us all that all victories come from here, hitting his forehead with his index finger. Then he raised his pair of fists saying, "Not from here." And, I would add from here (point to heart).

Chair Jones, I am recommending for approval the consent agenda later in the meeting.
