C. Provide a complete narrative of the proposed project.

This project is for the refurbishment of the track at Cooper High School consisting of cleaning the track, priming two layers of rubber and a final ultraviolet inhibitor coating and striping. The surface is wearing badly in lanes one and two, almost down to the asphalt in several locations. The rest of the track also shows some damage and wearing throughout which is not surprising given it is nearing the end of its anticipated ten-year life span.

D. Proposed work related to the project but excluded from the scope of this BG1: _____
