

Smart Schools: Focus on Next Generation Learning Series

featuring **Tom Vander Ark**

**12 PD/EILA
Hrs**

November 8, 2016

Smart Schools Workshop with Tom Vander Ark (LIVE) at Lloyd HS Commons. (8:30am to 3:30pm).

Tom Vander Ark is the founder of Getting Smart, an education advocacy firm. Previously he was the first Executive Director of Education for the Bill & Melinda Gates Foundation and served as a public school superintendent in Washington State.

Share and learn more from others in our region as you participate in our online and in-person book study focusing on the 7 Keys to Education & Employment.

REGISTRATION

Join School/District Teams across NKY to implement the 7 Keys to Education & Employment in your school

This learning experience encompasses a book study model with opportunities for deeper learning and online discussion of Vander Ark's *Smart Cities That Work for Everyone* and culminates in a one-day, workshop with Tom Vander Ark. The workshop focuses School/District Teams on drafting a student-focused plan for defining and developing 21st Century skills and learning that prepares students for future education and career.

The target audience is school and/or district teams made up of administrator(s) and teacher leaders. Other team members to consider include: SBDM members, board members, parent and civic leaders.

Cost \$200 per person

(includes book, ebook, online materials, lunch at workshop)

Kickoff Event: August 30, 4:30 pm to 5:30pm
