

August Board Report from Principal Ryan Kellinghaus

- We received a Magnified Giving grant for our Seniors to research, defend and award \$1,500 to one or more non-profits. Mrs. Chan will take the lead on this grant and work with Mrs. Embry.
- On our first professional development day with all teachers, we focused on these learning targets:

I can examine, define and explain my why?

I can define, explain and share my personal and professional big rocks.

I can communicate and defend my expectations, procedures and plan for the first the first days of school.

I can recognize and identify examples of hidden rules among my students and families.

I can explain, identify and write examples of registers of language as intimate, casual, formal, consultative and frozen.

- We had a very strong start to our year on our first day of school. Teachers focused on schoolwide expectations, common area expectations and classroom expectations with a PBIS video that was edited by our student council.
- Mr. Kellinghaus, Mr. Meyer and Mrs. Newsome met with each class for a period on 8/18 and 8/19... Seniors, Juniors, Sophomores, Freshman, 8th, then 7th. We answered questions and discussed expectations, tips for success, gradebook, CCR, testing, effort and "Our House".
