

AUG 15 2016

August 10, 2016

Philip Hurley, M.D.
3105 Wood Valley Pointe
Owensboro, KY 42303

Dear Dr. Hurley:

As staff liaison to the NFHS Sports Medicine Advisory Committee (SMAC), I and Dr. Michael Koester, Chair, want to welcome you as a new member of the committee (2016-2020). You will enjoy the assignment even though it carries with it significant responsibility and a commitment of time and effort over the next four years. Please submit a brief bio and photo that will be shared with the SMAC members at the October 2016 meeting.

You will be called on to aid in developing materials, proofing materials for accuracy, and other assignments as identified by the liaison and the chair. I hope you will accept these assignments as requested and respond within the time limits, which are set.

Enclosed is a copy of the NFHS SMAC Mission Statement, committee listing, NFHS calendar and NFHS Committee Manual.

I would call your attention to the dates of our meetings, as it is imperative that we have 100% attendance at both meetings. As this committee begins its 20th year in existence, there are many agenda items that have not been resolved. This is partially due to the fact we review all 17 sports that the NFHS writes rules for. Please mark your calendar for the meeting dates in Indianapolis of: Saturday, October 8, 2016 – 3:30 p.m. with departure after 2:00 p.m. on Monday, October 10 and Saturday, April 22, 2017 – 3:30 p.m. with departure after 2:00 p.m. on Monday, April 24. A *Meeting Call* with more detailed information about travel will be sent to you in August.

The meeting agenda will be sent to you in ample time so you can study it before coming to the meeting. I may also send out materials of interest during the year in order to keep you informed.

I look forward to working with you and am confident it will be an enjoyable and rewarding experience.

Thank you very much for accepting this nomination.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bob Colgate'.

Bob Colgate
Director of Sports and Sports Medicine
