Dear Mark:

Attached are six copies of the sign shop drawings reviewed. Please consider the following as direction regarding :

1. The plastic laminate door sign wording and quantities are listed on attached table. The color of the door signs is to be Best 923 Sage Green background color with 950 White raised portions of the sign. Attach all door signs with surface screws.

Please note the number of signs used is different from numbers specified. Please forward any cost differential.

2. The four bronze round exterior signs are approved with the following comments:
- 2.1: Drawings show layout for only two of the four signs; SCHOOL OFFICES and GYMNASIUM signs also required. Revise letter style on these four signs from Helvetica Reg. To Helvetica Med.
 - 2.2: Background color to be changed from Black to Light Gray.

3. The building plaque is being reviewed by the owner. They are updating board member changes and additions.

Give me a call if you have questions regarding this transmittal.

Sincerely,

Larry Gream
