Committee Reports

- Ms. Buschle reported for the Special Ed. Department. Across the Middle and High School the failure rate for the month of September was not the greatest. Seventh & eighth grade (Lukens) had 54% failures, eighth thru tenth grade (Nolan) had 46%, eighth & eleventh & twelfth (Kohrs) had 64%, and sixth thru twelfth (Ms. Buschle) had 0%. Ms. Buschle said she is working on showing teachers how to modify tests to meet the students IEPs. The goal is to reduce the failures by 10% each year for students with IEP's. There are comments on the IEP's to show what drives each student. They feel this will help regular and Special Ed. teachers to better motivate students. The Middle School Teachers have after school help and there is after school help through the YMCA.

School accountability report from KDE will come out soon.

Old Business

EOP for the Band: The pros and cons were discussed as to whether they should be included in the EOP or not?

Ms. Muennich wanted to discuss the late work policy. Some schools do not allow anything less than a 50, so students have a chance to bring their work up to passing. If you put work in as missing the computer calculates it as a zero. If you put it in as incomplete it does not calculate it at all. Then at the end of the quarter, if you put in the work as missing their grade drops greatly and the parents don't understand. Mr. Kellinghaus has communicated to the teachers the importance of entering grades as missing, as well as the importance of entering grades throughout the quarter.

New Business

- The subject of minority students was brought up since we are now above the 9 percentage that requires us to have an election for a minority parent on Site Base. If after 30 days no one has shown an interest in being on Site Base we don't need to do anything. If someone is interested, we will need to have another teacher selected for Site Base also.
- Mr. Wolf came to the meeting to discuss Title One. Three teacher's salaries come out of Title One. The choice of who's salaries come out is generally new teachers or lower paid teachers and with single insurance coverage. Title One students that go to private schools take their money with them.
- Any Title One money not spent by September 30th goes back to the State.
- The exemption from exams was discussed again but no decision was made.
- Angie Buschle made a motion to accept the first reading of the Public Input policy with the deletion of addresses. Angela Gonzalez seconded the motion. The motion carried.

We went over the budget. The deadline for teachers to spend their \$70 is September 30th. Only four teachers have spent their money so far.

Mr. Kellinghaus said he thought PBIS needed a line budget.

The Movie License was discussed and it decided not to pay for it.

Angie Buschle made a motion to adjourn. Angela Gonzalez seconded the motion. The motion carried. Mr. Kellinghaus adjourned the meeting at 5:55 p.m.
