Mr. Kenner,

With the increase in transportation cost and with the continued increase in fuel cost it is necessary for us to make adjustments in our charges for field trips and Pre-school mileage rates. It is my recommendation based on what other districts are charging, plus our own cost, to change our rate from \$1.15 to \$1.50 per mile for the school year 2008 – 2009.

Below is a table of charges from surrounding counties. Please do not hesitate to call me if you have any questions.

<b>District</b>	<b>Fuel Charge 2007-08</b>	<b>Projected fuel charge 2008-09</b>	
Barren Co	\$1.45	\$2.00	may do quarterly adjustments
