

KENTUCKY DEPARTMENT OF EDUCATION

STAFF NOTE

Information Item:

KDE Employment Report – Office of Career and Technical Education

Applicable Statute or Regulation:

KRS Chapter 18A, KRS Chapter 156, House Bill 502 (Budget Bill-2000 General Assembly), executive order 96-612 and 2013-841, House Bill 727 (1998 General Assembly)

History/Background:

Existing Policy: The Kentucky Board of Education (KBE) authorized a minimum 10% minority employment goal for the Kentucky Department of Education (KDE) in 1994. In addition, the targeted hiring goal for minority employment in all state government is 12.2% effective November 15, 2013 based on the 2010 census data for Kentucky.

The KDE minority employment goal is consistent with the Kentucky State Government goal and is designed to: 1) provide equal opportunities for recruitment and selection at all levels of the department; 2) mirror the student population of Kentucky's schools; and 3) provide for a multi-talented and diverse workforce that can provide quality leadership and professional services to local school district administrators, teachers, parents, students and citizens.

The Kentucky Department of Education has a long standing history of being in compliance with and usually surpassing the minority employment goal. On October 16, 2012, the number of staff of the Kentucky Department of Education more than doubled with the addition of the Office of Career and Technical Education. Due to factors such as geographic location, demographics and position requirements, recruitment of minority staffing at the 53 Area Technology Centers is difficult. The Department of Education has implemented hiring policies and procedures for the Office of Career and Technical Education. A minority representative serves on interview panels for positions with Career and Technical Education and a minimum of one minority candidate is interviewed if qualified or identified. The KDE continues to identify and implement opportunities to increase minority awareness and recruitment.

Summary: Current employment data is found below:

- The Office of Career and Technical Education, as of the close of business, October 31, 2016, employed 610 full-time employees. (598 non-minority employees/98.0% and 12 minority employees/2.0%)

During the two-month period from September 1, 2016 – October 31, 2016, there were:

- 20 appointments

- 11 separations from employment
 - 0 separations from support positions
 - 11 separations from professional positions
 - 0 separations from leadership positions

During the two-month period from September 1, 2016 – October 31, 2016, there were:

- 12 positions for which interviews were held
- 96 applicants who expressed an interest, via self-nomination, in those positions
- 70 candidates selected to be reviewed and interviewed if qualified for those positions by the supervisor/manager in the office/division

The following notations are designed to provide clarification for the preceding statistics:

- All CTE positions are advertised on the KDE website and all positions that require a merit register are posted on the Personnel Cabinet website for 10 days.
- All KRS 156 positions are advertised on the Personnel Cabinet and KDE website.
- KDE internal policy requires an interview panel of a minimum of three (3) people, one (1) of whom must be a minority, and a minimum of four (4) candidates must be interviewed, two of whom must be a minority, if qualified and identified.
- KDE's hiring process is subject to and in compliance with Personnel Memo 08-18 that requires the employing agency to offer the opportunity to interview to a minimum of five (5) identified veterans listed on the certified register list. If there are fewer than five (5) identified veterans, then the employing agency shall offer an opportunity to interview to all identified veteran applicants.
- Per Personnel Memo 12-33, the Personnel Cabinet seeks voluntary information from all applicants regarding an applicant's race, gender, or national origin. This information is maintained separately from the official application and assists the Commonwealth of Kentucky in achieving its affirmative action goals. The Personnel Cabinet provides this information along with the certified register list to the agencies. This information is useful in creating a diverse applicant pool for consideration in the hiring process; however, this data is not intended to be used as the determining factor in the hiring decision. This is to ensure compliance with the Equal Employment Opportunity Commission (EEOC).
- The Kentucky Department of Education receives certified registers from the Personnel Cabinet that may or may not contain applicants with designated minority status.

The Kentucky Department of Education's hiring is currently subject to the requirements of Executive Order 2015-050 issued on December 22, 2015. The executive order imposes a hiring moratorium and sets forth procedures for establishing, posting and filling job vacancies. Prior to

Governor Bevin's executive action, KDE's hiring was subject to the requirements of Executive Order 2008-011. On December 22, 2015, Governor Bevin issued Executive Order 2015-050, which set forth new requirements and specifically rescinded paragraph 3 of executive order 2008-011. Relevant excerpts of the hiring procedures of both executive orders are attached.

The following notations are designed to provide clarification for the report in its entirety:

- Full-Time Employee, for the purpose of this report, is defined as all KRS 18A and all KRS 156 employees.
- For the purpose of this report, **Leadership** is all non-graded, non-merit KBE/KDE employees, policy-making positions, and principals; **Professional** reflects all KRS 18A positions, grade 15 and above, and all KRS 156 positions; and **Support** includes all KRS18A positions grade 14 and below.
- Appointments and separations are not mutually exclusive. As KDE employees are many times the successful candidates for positions, a single move may create a separation and an appointment. For the purpose of this report, a separation includes: resignations, retirements, dismissals, transfers out of KDE, and deaths.

Attached are two charts, one showing overall and minority employment by office and the other showing minority employment historical data.

Recruitment Efforts:

Staff members from the Division of Resource Management attended the Diversity in Leadership Symposium on October 26, 2016. Topics included – What are the benefits to having a diverse staff? Why should I apply for employment with state government? The symposium was designed to improve diversity in the state workplace and promote the value of a workforce that reflect the Commonwealth.

The Division of Resource Management has a meeting scheduled on November 21, 2016 to discuss partnership and recruitment efforts with the Kentucky Community and Technical College System (KCTCS) human resources personnel.
