

The Kentucky Higher Education Assistance Authority (KHEAA) has initiated an Electronic Funds Transfer (EFT) to your school district in the amount of \$78,624.00. You will receive these funds in three to five business days.

The EFT amount represents an eighty percent (80%) advance of potential funds owed to the high school(s) listed below for the Dual Credit Scholarship (DCS) program. High schools should receive a bill from participating postsecondary institutions for students identified as dual credit scholarship recipients for the fall semester. Per Executive Order, school districts have fifteen (15) days from the date KHEAA funds are received to forward payment to postsecondary institutions. To assist schools with the funding process, KHEAA is also providing a breakdown the amount advanced by postsecondary institution.

When estimating the amount advanced, KHEAA considered scholarship courses worth three (3) credit hours each with required laboratories worth one (1) credit hour. The remaining scholarship payment will occur after the semester ends, and will be based on the scholarship student's actual credit hours enrolled and successful completion of the course. KHEAA will not issue payment for scholarship coursework that ends in failure or withdrawal. Furthermore, students cannot be charged for coursework they did not successfully complete.

KHEAA will be forwarding a roster of scholarship students to high schools in the next week to assist with the reconciliation process.
