

Preschool Education

A preschool education shall be provided for all at-risk four (4) - year-olds and all three (3) - and four (4) - year-old students with disabilities, according to state guidelines. Programs may serve students who are over income, observing the following guidelines:

1. Openings are available;
2. Parents of four (4) year olds that are registered but do not qualify for the program will be notified of openings;
3. A draw shall be conducted, if needed, for the remaining slots;
4. Families of over income students shall follow all program guidelines and policies; and
5. Over income students shall be bumped (last-in/first-out basis) should an at-risk student or student with disabilities be identified for participation.

Plans for the preschool program shall include supervision guidelines consistent with the mental and physical characteristics of preschool students. The Principal/designee shall designate another adult to provide back-up assistance when only one (1) employee is responsible for supervising a group of preschool students.
