- a. Next Meeting—Thursday, December 15, 2016 at 3:30 pm

8. Adjournment

Meeting Minutes

Members Present:

LCHS Vision

Lincoln County High School is a high-performing high school producing successful 21st century citizens.

LCHS Mission

Equipping students to graduate college and/or career ready!

1. Opening Business

1. Approval of the Agenda **approved**
2. Approval of the Minutes **of the previous meeting in Google Drive and no comments**
3. Good News Report **The high school was recognized at the Board of Education meeting for our test scores as well as at the South East South Central Co-op. 2nd round of CERT assessment was administered today and all went well. COMPASS is also being given this week and 7 more students are now college and career ready. KYOTE must be administered prior to Dec 2. Mr. Mayberry had some band students who were recognized in the region and district and who then went on to audition for places in the All State Band. Girls basketball won against Pulaski and the boys will play tonight at LCHS against Lafayette. Very first swim meet will be Thursday. Academic team has begun and has been 1-1 at both matches. First round of KTIP is now over. There are 9 KTIP teachers. Mrs. Manion's trip to Boston for the NADSFL and ACTFL conferences was a huge success.**
4. Public Comment **Mr. Rowe shared out from KDE's meeting yesterday that Charter Schools will pass, Commissioner said yesterday to not be afraid of the unknown. With new Republican-controlled house, Common Core will be done away with. SB1 will be reintroduced and if it passes, there will be many changes such as Program Reviews going away.**

2. Student Achievement Report/Data

1. Assessing Student Achievement—Accountability Update

3. School Improvement Planning

- a. **We are currently revising our CSIP. There will be some updated dates and timelines but same goals will be there and we will not make many changes to the assessment schedule because there are some unknown about the state of assessments in KY.**

Budget Report **NTI copies were made at MinuteMan and paid for from District funds. With the new High School copiers, we are no longer paying for per-visit servicing.**

4. Old Business

None

5. New Business-December 8th. Student-led presentations of what has been happening in their classrooms. Times will be 6-8 p.m.

- a. Staffing Update **Linda Green began yesterday to replace Kevin Coontz as the new 21st century site coordinator. She will share out with staff tomorrow afternoon about her goals and vision for the program. We will have a posting for a Spanish position later this month. There will be a letter sent home to parents explaining the situation and informing parents and students of the current and future situation.**
- b. Plus Delta **Mr Godbey got 15 responses total and 2 of the overwhelming responses were: 1) Red Zone and other schedules have caused a great deal of classroom interruptions. We will be working on providing remediation without disrupting the learning process so much. It was often commented that it created**

an 8 period day for students and teachers but was not long enough to be effective. 2) Standards Based Grading is still very inconsistent throughout the building and the admin team will continue working on supporting teachers with the process and improving the practice throughout the building.

- c. Student advisory: **Mr Godbey met with the student advisory council and some of the items they discussed were: 1) Red Zone (they agreed it was a positive initiative but didn't think it was long enough and that teachers had mentioned being overwhelmed by all of the different schedules), Cafeteria (requested different/better food), Standards Based Grading (they like it overall, feel that retakes are positive. They feel that many teachers are implementing it non-uniformly and the students feel that not all teachers understand the process and that new teachers are overwhelmed.**
- d. E-Meetings: **The Board is moving towards allowing meetings to be held electronically/virtually to move into the 21st century and being green. It will be a great program that facilitates meetings, saves paper copies, and offers alternatives to physical meetings.**
- e. Spring Semester course offering: **National French Honor Society and National Spanish Honor Society students will begin the class offering next semester again where they travel to elementary schools and teach beginning world language courses. As for transportation, the board will cover the cost of the buses.**
- f. Valedictorian/Salutatorian: **We will continue having this discussion. No decisions have been made yet but reconsidering the mathematical calculation for determining the spots will most likely occur.**

6. Upcoming Deadlines/Next Meeting Date

- 1. Next Meeting— Thursday, December 15th at 3:30 pm **Changed to Monday, Dec 12th**

7. Adjournment at 4:16 p.m.
