VI. Board Discussion

Discussion:

Mrs. Marganna Stanley thanked the school councils for sharing how their school is extraordinary. Two common threads that Mrs. Stanley heard the most was two major focuses: building individual relationships and academic achievement. Dr. Sally Sugg echoed Mrs. Stanley's comments. Dr. Sugg mentioned that it was refreshing to hear the passion about the students and also thanked Collin from Central Academy for sharing his story. Dr. Sugg stated that he is a prime example of someone that has seen the caring and compassion from staff members and it is changing his life. Dr. Sugg heard a common thread from elementary, middle and high that we need to focus on mental health for our students and behavior issues, which is also a community issue. Mrs. Jennifer Keach further echoed what Dr. Sugg and Mrs. Stanley said. Mrs. Keach was very impressed with Collin from Central Academy. Mrs. Keach wants Collin to speak to the Rotary Club, Lions Club... as he is a great testament to what is going on at Central. Mrs. Keach felt that every single school was focusing on every single student, not just academically, but what they are as a whole person and what they are going to be when they graduate. Mrs. Keach stated that the students are coming out of this district with a soft skill perspective. Mrs. Keach asked the schools if they need support from community members. Mrs. Keach would love to know about that as she plans to continue to be active in the schools after her term ends next month. Mrs. Keach will help with community initiatives. Mrs. Tracey Williams applauded Mrs. Jennifer Keach for four years of service on the Board. Mrs. Williams echoed everything that has been said by the others and also applauded the school councils. Mrs. Lisa Baird echoed all comments and stated that she is very proud to be a part of this.
