2016-2017 Grant Application Update

For more than 65 years, Lowe's has supported the communities we call home. At a time when schools are struggling to support the needs of their students, the Lowe's Charitable and Educational Foundation recognizes the importance of financial support.

This year LCEF is seeking ways to provide the tools to help educators and parent groups through educational challenges by providing the greatest impact. Projects should fall into one of the following categories: technology upgrades, tools for STEM programs, facility renovations and safety improvements.

Please keep this focus in mind as you apply for a Lowe's Toolbox for Education® grant in the 2016-2017 academic year. Thank you.
