Hand grinders (3)	\$300
Tool Cabinet	\$450
Total Project Budget (must match total project budget above)	\$ 2250.00

Project Description (attach additional pages if necessary)

In my short tenure at Spencer County High School I have had the opportunity to teach all of our ag shop classes. I currently teach 2 sections of ag construction and one section of ag farm. My biggest struggle with working in the shop is having a lack of resources, specifically tools. I have been very fortunate to have a great group of students who have made the most of what resources we have available, but the reality is that my students are limited due to the condition of the shop here at SCHS. The Ag Achiever grant would allow me to restock the shop with common hand and power tools that are necessary to complete our daily instructional tasks. —————→ See attached

I agree to comply with the program's reporting requirements.

NAME Daniel Dunaway TITLE Ag Teacher
DATE 1/4/2017 COUNTY Spencer County,

Ag Achiever Grant Applications are due January 31st and should be sent to:

Kentucky FFA Foundation
Emily Davis
PO Box 8
Flemingsburg, KY

or emailed to:
emily.davis@kyffa.org

Also, I plan to purchase the necessary storage items in order to keep our shop/tool room organized and keep the new tools in great shape. It is important that students learn the skills of agconstruction and ag power in a safe and organized environment with the proper resources. The Agriculture Achiever grant will greatly help in my effort to provide a great learning environment for my students.
