Subject: Spottsville Elem Re-Bid Info

Mrs. Stanley:

As we discussed earlier today I am requesting approval from the Board to advertise and re-bid the Aluminum Windows, Food Service Equipment and Elevator packages for Spottsville Elementary School. Additionally, I will be issuing a Request for Proposal for HVAC testing and balancing services. Per the specifications, this work is to be performed by an independent third party employed directly by the district. Upon approval to proceed by the Board, a pre-bid meeting will be held April 26th @ 10 AM for all potential bidders. Bid date will be set for May 9th @ 2PM. This date will allow proper review of bids in time for Codell and RBS to make formal recommendations for award at the May BOE meeting. If you have any questions please feel free to give me a call on my cell number below. Thanks

John Hagan Codell
