

# CATALPA MAGNET STUDENT INFORMATION MEETING FOR 2017-2018 SCHOOL YEAR

## **Purpose**

To provide information about 2017-2018 school year enrollment options. These meetings are prompted by the JCPS Board of Education decision to remove the Catalpa Magnet at Maupin Elementary. Representatives from JCPS Student Assignment Department, Office of Student Transfers, and the Office of the Assistant Superintendent for Area 6 will attend both meetings. The format of the meetings will include a large group information session to explain the process, and allow for parent questions. There will also be an opportunity for families to receive guidance and advice in small group or individual sessions.

Please see dates and times listed on the banner to the right.

Families need only attend one of the sessions, as the same content and opportunities will be available at both meetings.

## ***Meeting Location:***

**Maupin Library**
