

LES Board Report

April 2017

- Grants awarded to Lincoln Elementary School for the 2017 – 2018 school year:
 - United Way *Me and My School Grant*
 - United Way *Born Learning Grant*
 - *Scripps Howard Family Literacy Grant* in the amount of \$25,000
 - *21st Century Afterschool Program Expansion Grant*
- Grants submitted:
 - *Early Childhood Healthy Living Incentive Grant* in the amount of \$40,000 through the Ky Dept of Public Health
- All students in grades K – 6 have completed their spring MAP testing in the areas of reading, math, and language usage. During this round of MAP testing we distributed the incentive MAP ribbons to students following their testing rather than waiting for an assembly. We are proud of our students' progress, and will share school-wide results at an upcoming school board meeting.
- Our students have been thriving in their various afterschool activities. The cast and crew of "The Little Mermaid" presented a spectacular play over this past weekend. Their hard work and diligence over the last several months certainly paid off. Our LES Robotics team participated in the state-wide tournament on Wednesday, April 12th in Lexington, Kentucky. They competed very well among other teams in their age groups from around our state. Our Chess Club members participated in the prestigious Queen City Classic in March and had a fantastic showing. We are proud of our students who are participating in the many extra-curricular activities offered here at Lincoln and are grateful to our staff members for their dedication to the groups they sponsor.
- Our Kindergarten Registration Night (March 30th) and Preschool Jamboree Event (April 19th) were both huge successes! We had a multitude of outside agencies represented at both events sharing their resources. Both events were well attended by staff members and by our newest little devils and their families.
- Grade level teams (primary) and Content Teams (intermediate) continue ongoing curriculum work - Flashback Analysis, Live Scoring, Curriculum document revision, Analyzing student work, etc. These on-going comprehensive and collaborative conversations and work are leading to our increased knowledge of individual student progress.
- *Important Upcoming Dates at Lincoln Elementary School:*
