Anderson County	Continue to Play Double Elimination	
Apollo	Continue to Play Double Elimination	
Ashland Blazer	Change to Single Elimination Tournament	Move the tournament to a more centralized location within the state and also play on a regulation softball field, such as at the University of Kentucky or the University of Louisville.
Assumption	Change to Single Elimination Tournament	I agree with single elimination as long as the venue is a college type/great field and venue are chosen for the new site. Baseball at Legends is a great experience for the boys and I would really like to see this for the girls as well. This is a state tournament not a travel ball tournament that they play in every weekend.

DETAILED ANSWERS-QUESTION 3

School	State Format	Comments
Christian Academy-Louisville	Change to Single Elimination Tournament	We would support single elimination but ONLY if the event is moved to a First Class facility such as UL or UK.
Christian County	Continue to Play Double Elimination	I am fine with the current state format. I do understand that it is hard for some schools to compete because of the small numbers. I would be ok with a class system in softball but it would be hard to find opponents within an hour or so travel time to fill out a 36 game schedule trying to play teams in the same class most likely.
